When does coverage expire? Coverage will only be terminated at the request of the member or upon non-payment of premium. If the retiree becomes deceased, the spouse can continue coverage as long as the spouse was covered in the retiree dental plan before the death of the retiree and continues to pay the premium

* *Waiting Periods are waived for retirees that enroll within 60 days of retirement*

** **Reimbursement is paid at the Delta Dental PPO Allowance. If you see a Delta Dental Premier® or non-participating dentist, you may incur additional out-of-pocket expenses.**

Selecting Your Dentist

The Delta Dental PPO plan emphasizes choice and helps you save on your dental care costs when seeing a Delta Dental PPO dentist. Participating PPO dentists have agreed to accept a reduced fee for services; however you have the freedom to see any licensed dentist you choose. Benefits are provided whether you choose a Delta Dental PPO dentist or a non-PPO (Delta Dental Premier® or non-participating) dentist.

As a member in a Delta Dental PPO Plan, you always have the choice of seeing any licensed dentist. However, you will experience the greatest savings if you see a Delta Dental PPO dentist. Other benefits of selecting a Delta Dental PPO or Delta Dental Premier® dentist include:

- Nationwide network of dentists – you have access to over 61,000 Delta Dental PPO dentists and 122,000 Delta Dental Premier® dentists throughout the country
- Non-covered services are billed to you at Delta Dental’s discounted rate – you still save money even if the benefit is not covered under your plan

To find out if your dentist is a Delta Dental PPO or Delta Dental Premier® dentist or if you do not have a dentist or would like help selecting a new dentist, you can contact our Customer Relations Department to find a Delta Dental dentist in your area.
