

Why Have Cash Assistance From AFLAC?

Out-of-pocket medical expenses...

Your regular health insurance should pay most of the doctor and hospital bills. But there are usually hundreds of dollars of deductibles and co-payments (including those for prescription drugs) left over. Plus, if you're in a managed care plan and go outside the network, there could be additional charges

Who Pays? You do!

Non-Medical Costs...

Getting sick or injured has financial consequences beyond the medical bills, including such out-of-pocket costs as:

- Travel expenses to and from special treatment centers
- Food and lodging while you're away from home.
- Long-distance phone calls
- Child care
- Extra household help
- Home care

Plus, everyday living expenses still have to be met...

- Mortgage or rent payments
- Car loans
- Groceries and utility bills
- Insurance premiums

Who Pays? You do!

Are you concerned about the financial impact of **cancer, a heart attack, stroke or an accident?**

Are you ready to discuss long term care programs?

We are here for FPPA members.
